Intertype E.D. Matrix Font No. E767

The success of Standardization in line composing machines as embodied in the Intertype, is now acclaimed by Printers as the greatest achievement in the mechanical typographical art, and was accomplished through the concentrated efforts of Intertype Engineers and Designers exclusively, and primarily for the purpose of relieving the conditions brought about by the complicated mechanical line casting equipment in use in news printing offices. Standardization keeps the Printer's investment always at a minimum. He buys a Standardized basic unit and only such Standard equipment units as his present business demands. He need not tie up good money now in equipment he might not require until later on. Intertype Magazines, moulds, liners, etc., are freely interchangeable. Equipment fits instantly on all Standardized Intertypes and may be changed from one machine to another.

The success of Standardization in line casting composing machines as embodied in the Intertype, is acclaimed by Printers as one of the greatest achievements in the mechanical typographical art, and was accomplished through the concentrated efforts of Intertype Engineers and Designers exclusively, and primarily for the purpose of relieving the conditions brought about by the complicated mechanical line casting equipment in use in news printing offices.
